Extra SMaRT Day Voucher

For Mountain View Residents

Eligibility: The voucher may only be used for non-hazardous wastes generated from residential properties in Mountain View, including: homes (1-8 units), condominiums, townhouses, and mobilehomes. Apartments with 9 or more units are not eligible. The voucher may only be used by residents occupying the dwelling as their primary residence and for items originating from that dwelling.

Instructions:

1. Bring this original voucher (no copies accepted) with you together with proof of residency, such as a current driver's license, identification card or current utility bill where the address matches the voucher. The resident does not need to be in the vehicle if they are over 55 years of age or disabled.
2. Load your vehicle with extra trash, yard trimmings, and bulky goods originating from your primary residence in Mountain View. Cover with a tarp to prevent litter, and drive to the SMaRT Station® in Sunnyvale (see map on reverse).
3. Stop at scalehouse to show proof of residency and submit this voucher. Scale operators will weigh your vehicle and check your load for hazardous wastes (prohibited) or bulky goods needing special processing (extra fee) before directing you to the unloading area. After unloading, you must return to the scalehouse to be weighed again to track tons recycled. See list of items accepted at no charge or fee below.
4. Residents may use a car, standard pickup truck (no larger than one ton payload capacity), van or SUV. Residents with a compact car or compact SUV may use a single-axle household trailer for bulky goods.
5. Each voucher is valid for one vehicle entrance any day of the week until December 31st (see hours next page). Vouchers may not be reused or transferred. You may redeem more than one voucher on the same day, but a voucher is required for each entrance.
